Independent Auditor's Report

The Board of Trustees
Department of Community Health:

Report on the Schedule of Employer Contributions Subsequent to the Measurement Date

We have audited the accompanying schedule of employer contributions subsequent to the measurement date (the Schedule) of the Department of Community Health's Georgia School Personnel Postemployment Benefit Fund (Plan) as of and for the year ended June 30, 2018.

Management's Responsibility for the Schedule

Management is responsible for the preparation and fair presentation of the Schedule in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of the Schedule that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the schedule of employer contributions subsequent to the measurement date based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer contributions subsequent to the measurement date is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts in the schedule of employer contributions subsequent to the measurement date. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule of employer contributions subsequent to the measurement date, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of employer contributions subsequent to the measurement date in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer contributions subsequent to the measurement date.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the schedule of employer contributions subsequent to the measurement date referred to above presents fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

In 2018, the Department of Community Health adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Plans Other than Pension*. Our opinion is not modified with respect to this matter.

Restriction on Use

Our report is intended solely for the information and use of the Plan's management, the Board of Trustees, Plan employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

Greg S. Griffin
State Auditor
